

A Stormy Night Turned into a Joyful WI Gathering

It was a dark and stormy night when the Woodhouse Eaves WI held its December meeting. As soon as we entered the Village Hall, however, we were greeted by light, warmth, friendliness and much chatter! The hall was full with members, guests and visitors, not to mention the Shanty Folk who were providing the entertainment.

After our President, Monica, had run through the business of the meeting (in record time!), we were served drinks and helped ourselves to a delicious buffet. A selection of songs by the Shanty Folk followed, with everyone clapping along or joining in the choruses if they could. The singing was excellent. Ben started the dancing and then the final song, Sloop John B, enticed even more on to the dance floor.

The evening was made even more enjoyable by the number of guests and visitors who attended. Especially welcome were all the gentlemen who put the chairs and tables away! Thanks to the volunteers who served the buffet and washed up and to the committee who arranged the evening. It was great fun!
